## MESSAGE FROM THE HEAD OF SCHOOL

Dear Alumni, Parents, and Friends of GPA,

I want to thank you all for the support you have given The Grosse Pointe Academy. These ancillary resources allow us the ability to add valuable teaching and learning materials for our programs, provide support for faculty professional development, and upgrade facilities; in total, they help enhance the learning experience for all of our students. We are forever grateful for your abiding commitment and dedication to our students, faculty, and programs.

There is a great deal to be proud of and excited about here at the Academy. This year's new programmatic enhancements - the rigorous Singapore math curriculum and a new daily schedule - have clearly strengthened the core educational experience. Our students are learning, growing, and developing both academically and personally. They are being challenged in so many ways, learning to take - and learn from - brave risks, and they are acquiring critical tangible and intangible skills that will benefit them in every stage of their lives. Our goal is to ensure that the skill sets we are developing within our students align with the expectations of today's world.

The challenge today lies in working to balance a respect for traditional educational practices with the necessity of advancement and change. Striking a balance is hard and requires a great deal of thoughtful assessment and discussion. With a focus on finding ways to strengthen the educational experience for our students, the faculty, staff, and I will continue to do the work necessary to make thoughtful changes to our curriculum and instructional practices.

Thank you again for all that you do to support this wonderful school community.

Kindest Regards,

A handwritten signature in black ink, appearing to read 'Tommy Adams', written on a white background with a vertical line to its right.

Tommy Adams
