MESSAGE FROM THE HEAD OF SCHOOL

Dear GPA Community,

Thank you for your loyal support of The Grosse Pointe Academy. Your contributions allow us to add valuable teaching and learning materials, provide support for faculty professional development, and upgrade our facilities; in sum, they help enhance the learning experience for all of our students. We are grateful for your abiding commitment and dedication to our students, faculty, and programs.

We have much to be proud of at the Academy. The new real-world based Middle School Elective Program and the associated - and much-anticipated - renovation of three learning spaces in the Main School have generated a great deal of excitement. Our students continue to learn, grow, and develop academically and personally in a balanced educational environment. They are being challenged in so many ways, learning to take - and learn from - brave risks, and are acquiring critical tangible and intangible skills that will benefit them in every stage of their lives.

While I am certainly pleased with the work accomplished over the past two years to strengthen The Grosse Pointe Academy, the Board of Trustees and I believe that it is now time for us to proceed collectively with the development of a new, comprehensive strategic plan. The goal of this initiative is to determine a learning model that will best develop in our students the attributes critical to achieving future success in a rapidly changing world. We will, of course, continue to provide our students with a strong core academic curriculum while also exploring meaningful and innovative change. We are excited about this process and look forward to sharing with you the results of this work this summer.

Thank you again for all that you do to support this wonderful school community.

Sincerely,

Tommy Adams
